# HEALTHY WORKPLACES FOR HELPING PROFESSIONS CONFERENCE

October 13, 2017

Lister Centre, University of Alberta, Edmonton, AB

## Introduction

Healthy Workplaces for Helping Professions (HWHP) is a 3-year project aiming to increase the wellness capacity of the Alberta contract human services sector at the personal and agency level. This province-wide conference will showcase the final results and provide tools for developing and implementing sustainable workplace wellness programs for non-profit human service agencies.

## Themes

The conference will offer:

1. The HWHP project research and framework development: The Wellness Framework for Non-Profit Human Service Agencies in Alberta
2. The HWHP Research Partnership program: How to Develop Sustainable Wellness Program
3. The HWHP Be a Wellness Leader program: How to Develop and Engage Staff in Wellness Initiatives.

It will use a range of formats: speaker presentations, round-table discussions, and poster displays.

## Keynote speaker

Graham Lowe, Graham Lowe Group

*Building A Vibrant Workforce and Redesigning Work in Human Services*

## Presentations

- *Project Outcomes: The Alberta Non-profit Human Service Agency Wellness Framework*
